## *Let us Introduce Ourselves!*

*Morcon was started in 1972 by Mr. and Mrs. Bill Morrow. Their goal for Morcon was to provide the community with a reliable Industrial distributor. Through the years, Morcon has expanded with locations both in Vernal, UT and Rock Springs, WY. The goal of Morcon is still clear: provide the community with affordable industrial supplies and a sales staff eager to help!*

*If you are looking for a reliable friendly distributor, you have come to the right place! Let one of our employees make your work load a little easier!*

## Why purchase this pump?

*Any customer that we have spoken with that has had their lines freeze up have voiced their concerns on the expensive downtime. The purpose of this pump is to avoid costly downtime.*

*Unfortunately in the climate that we live in, cold weather is inevitable. Lines will freeze, and the need to thaw them will arise. If your company watches cost and does their best to keep a deadline, this pump is for you!*

## Please tell us your thoughts!

*They have already been distributed to some of our customers. We have heard great success stories on how they are operating out in the field and we can't wait to hear what you have to say about them!*
